

## 2025 Summer Intern Program Supply Chain Management

Our summer internship is designed to introduce college students to Air Liquide and the industrial gas industry. **Air Liquide supplies oxygen, nitrogen, hydrogen and many other specialty gasses, molecules, services and technologies to a wide range of industries**, providing customers with innovative solutions that are vital to their industrial production and sustainability. Located in over 78 countries, we have more than 1,000,000 customers globally in diverse industries such as steel, food and beverage, electronics and pharmaceuticals. Interns work in a specific area of Air Liquide to develop their knowledge and skills while making contacts with people at all levels of the Company. Over the course of the internship, students learn about the Air Liquide corporate identity and culture while being given opportunities to build relationships with other new employees. *Questions? Please email our team at [nam.hr@airliquide.com](mailto:nam.hr@airliquide.com)*

### **Supply Chain Management**

Assist the Americas Digital Procurement team activities related to the integrity of procurement data in the Americas; as well as processes, tools & reporting of KPIs surrounding the data. Provide support for supplier & spend data cleansing activities related to Procurement. Compile various Training/Data/Market Research documents into one electronic file. Create related guidebooks and dashboards to share with the procurement community.

### **General Requirements:**

- Pursuing a bachelor's degree in Supply Chain Management
- Expected graduation between December 2025 - May 2027
- Minimum cumulative overall GPA of 3.0 (on a 4.0 scale)
- Must be able to relocate to internship location in the US
